

“Sustaining Our Future by Rebuilding Our Past”

Manuel F. Lizcano, Historian

Instructions for Christmas Social CoH

This is not a Corner of History article it is a brief set of instructions to “see” the Presentation of the 2009 Alamo ASHRAE Christmas Social.

Technology move faster than I do, although sometimes I think technology lags behind our needs.

I you opened the Christmas Social presentation and only saw DONE on a blank page or manage to get further and saw one picture, there is more.

Instructions:

1. When you get to DONE on a blank page **be patient wait** it will open.
 - a. I have not learned how to make the power point smaller to open quicker so bear with me.
2. When you get to the first picture use the **down Arrow** to get you to the next picture.

That’s it enjoy.

And thanks to Matt for allowing it on the website.

The Rest is History
